

Review of: "Socio-cultural factors influencing women empowerment: A cross-sectional study among an ex-criminal tribe in West Bengal, India"

Abdullah M. Aljarodi

Potential competing interests: No potential competing interests to declare.

After reading the article, I highly recommend you reduce the abstract section. The literature needs to be explained further. I noticed there is no discussion and implication of your study, which need to be there in order to know the managerial, social and policy application of your work.
