FDA Warning Letter

National Cancer Institute

Source

National Cancer Institute. *FDA Warning Letter*. NCI Thesaurus. Code C142556.

A written communication from FDA notifying an individual or firm that the agency considers one or more products, practices, processes, or other activities to be in violation of the Federal FD&C Act, or other acts, and that failure of the responsible party to take appropriate and prompt action to correct and prevent any future repeat of the violation may result in administrative and/or regulatory enforcement action without further notice.
