

Review of: "Lived Experience of School Leaders in Supervising during Remote Teaching"

S. B.M. Beck

Potential competing interests: No potential competing interests to declare.

2nd paragraph of introduction "For more than a year now" we are 3 years post Covid. Also the third paragraph should read more like history.

Did you get ethical Approval for this work?

It would be good to tie the quotes in more closely to Covid themes.

Many of these themes are international. It would be nice to draw comparisons.

Finally it would be good for the conclusions to be more incisive.
