Gonadotroph Adenoma

National Cancer Institute

Source

National Cancer Institute. *Gonadotroph Adenoma*. NCI Thesaurus. Code C45915.

An adenoma of the anterior lobe of the pituitary gland that produces gonadotrophic hormones (FSH and/or LH) or shows evidence towards gonadotroph differentiation. The majority of cases are hormonally non-functional. Clinical manifestations include visual disturbances, hypopituitarism, headache, and acute hemorrhagic necrosis of the pituitary gland.
