

Review of: "Differences in Regional Productivity and Imbalance in Regional Growth"

Zhaofeng Wang

Potential competing interests: No potential competing interests to declare.

This manuscript does not have a clear theoretical contribution.

The connection between the research background and the research content of the Introduction chapter was not further discussed by the author. The author has to further implement the research in terms of its relevance to practise.

When it comes to the review of the literature, it is typically just a simple stacking and listing of the study contents without additional integration or refinement.

Moderate English changes are required.
