Potential competing interests: No potential competing interests to declare.

- 1) The main novelty of this research should be added to the last part of the introduction. In addition, what is the main question addressed by this research?
- 2) The manuscript should be revised from an English language point of view.
- 3) A Graphical abstract and Highlights should be added.
- 4) What does it add to the subject area compared with other published material?
- 5) In the abstract, add the most significantly obtained results quantitatively. It seems that the abstract is not well presented.
- 6) Results and discussion should be separated.
- 7) What specific improvements should the authors consider regarding the methodology? What further controls should be considered?
- 8) Some papers should be added to improve the literature survey, such as:
