

Review of: "Design and Realization of a Low-Cost Smart Walking Aid for Visually Impaired and Blind People"

Nidhya Rangarajan Nidhya

Potential competing interests: No potential competing interests to declare.

The author have choosen very interetsing topic for research. Author should look into the more related works in this area but while looking at the reference author failed to do that. And performance paramaters should be more realistic because visually challenged people are going to use this product so its necessary to access it.
