Thank you for your enlightening work. Here are a few comments for your reference:

1. Headings need to be refined. It is suggested to further refine the research theme of this paper and highlight the research methods.
2. The logical framework of the article can be improved. In general, the first part of the paper is "introduction", the second part is "literature review", and so on.
3. Mathematical or statistical models need to be refined in the text.
4. The language needs further polishing to make the article more readable.
