Potential competing interests: No potential competing interests to declare.

The layout and presentation is clear.

Authors need to attend to the following comments to improve the manuscript:

1. Types of enzymes and percentages have not been included.
2. Parts of sections of the paper is written not in standard, grammatically correct English. This needs to be attended to i.e. Minor editing of English language is required.
3. The paper is acceptable for publication after minor revisions.

I have no potential conflict of interest with regards to this paper
