Potential competing interests: No potential competing interests to declare.

This article is on the use of chatGPT in the film industry, which is one of the important topics that gets many readers' attention. The area is good and interesting, but could be explained a little more.

1. On the whole, the article needs to adequate explanation about the need for chatGPT for film industry.
2. Also the article should clearly distinguish AI and NLP.
3. The article can given deep knowledge about ChatGPt in film industry
4. Adequate literature review on its application is required.
