

# Review of: "Beyond the Physical Self: Understanding the Perversion of Reality and the Desire for Digital Transcendence via Digital Avatars in the Context of Baudrillard's Theory"

Vittorio Linfante<sup>1</sup>

<sup>1</sup> Polytechnic Institute of Milan

**Potential competing interests:** No potential competing interests to declare.

This article and research methodology is well structured and clear, although, in some sections, it might be helpful to have more argumentation concerning further work discussed in academia. I would suggest the author structure the text to better guide the reader by providing a clear research framework and definitions in the first part of the text to circumstantiate and clearly state the research context.
