# Scottish Terrier

National Cancer Institute

## Source

National Cancer Institute. *Scottish Terrier*. NCI Thesaurus. Code C53729.

The Scottish Terrier is a sturdy little dog with short legs. The coat is compact, course, and hard as bristles with a soft undercoat that protects it thoroughly from bad weather. It comes in black, wheaten, or brindle of any color. It has sharply pricked ears, a large nose and large teeth. Height: 10-11 inches (25-28 cm.) Weight: 19-23 pounds (8 1/2-10 1/2 kg.)
