Potential competing interests: No potential competing interests to declare.

Introduction section: It could be important to mention, after the context of Benin, what the objective or goals of the paper are. At this point, it is not clear what the authors want to achieve.

Materials and Methods section: The section could be strengthened by broadening the argumentation.

In the second paragraph of the Materials and Methods, how many keywords?

In the third paragraph of the Materials and Methods, how many documents were downloaded? How many requests were made by the authors? Use the plural for "criteria."

## 2.2 Data Analysis

Which are the categories? How did the authors choose them?

What is the category of the analytic analysis?

It is not clear how the authors categorized the information.

## 3.1 Results

The first paragraph should be in the Methods section.

Second paragraph: How did the authors establish the four categories?

After Table 3: What are the possible reasons?

For the Introduction or Methods sections, it could be important to explain how the paper is organized through a historical and descriptive approach.
