In overall, the study has significant research elements. However, there are some aspects that should be considered for improving the manuscript especially in terms of the followings:

1. Please describe the tables more detailed and should not use "here". Please use reference to the table such "Table 1.0 refers to..."
2. Please recheck the wording. Some have typo errors.
3. Please include figures of the AR interfaces to show the research contents.

Therefore, the manuscript are recommended to be accepted with minor correction!

Congratulation!
