

Review of: "Analytical Study and Amelioration of Plastic Pavement Material Quality"

Carrie Zhang

Potential competing interests: No potential competing interests to declare.

The author presented a special topic that utilizes plastic mixed with sand to create sustainable materials that are easy to obtain and low-cost for consumption.

For Figures 6 and 8, it is recommended to provide a graph showing only the clear ratio and to explain it in the content.

For Figures 7 and 9, the Y-axis should not note the specific ratio but should be mentioned in the content. Additionally, the formula for calculating the ratio should be provided.
