Potential competing interests: No potential competing interests to declare.

1. Is it possible to elaborate more on which legal framework and clear roles do community members use to select CAHWs that undergo training to provide accessible, affordable, and trustworthy services to smallholder farmers?
2. And since the conclusion indicates that there are no clearly established legal framework that recognizes the responsibilities and minimal training requirements for paravet, do they carry out different roles from the CAHWs in the community?
