This research article was well edited based on authors' original research results. However, there were some problems and editing errors; this research article should be revised before the publication of one of the research articles for the international journal "Qeios."

Please refer to the following.

[Major revisions]

## 1. Objective(s)

In the introduction part, "Objective(s)" did not appear apparently.

Authors need to consider why this research is important based on the viewpoint of globalization. And then authors need to rewrite "Objective(s)."

## 2. Sub-title

"5. Discussion of the Results Obtained" --→ "5. Results"

## 3. Conclusions

These contents were simple results such as a list of results.

Authors need to revise all contents of conclusions based on their originality from their research results.

## 4. Applicability in "Conclusions"

So what? Where and how can we apply the results of this research?

Authors need to add the applicability of this research in the "Conclusions" part.

## 5. Format of References

Please check the format of references.

## 6. References

If possible, please use references within 5 years.
