[http://Some errors need to be added and corrected. Words in Keywords section such as antacids, GERD, hypoxia, IBD, redox should not be included because they do not appear in the abstract, and abbreviations should be clearly explained \(GERD, IBD\). You should add abbreviations that are repeated a lot in the article such as GERD, IBD, RSS, ROS, FRAP. Section 4.2 is missing. The article should be aligned on both sides \(justify\).](#)
