

# Review of: "Antimicrobial Ayurveda Crops as Superfoods for Export, Conservation & Farmers' Benefit"

Meenakshi Verma<sup>1</sup>

<sup>1</sup> Chandigarh University

**Potential competing interests:** No potential competing interests to declare.

1. Title must be modified to sound more scientific.
2. The abstract needs some introductory part and must be brief and concise.
3. In Table 1, no phytoconstituents were discussed.
4. There is no summary or conclusion section.
5. Modify the materials and methods section of the manuscript.
6. The introduction section must be refined carefully as it is not continuous to the readers. Repetition of words in the same line should be avoided.
7. Avoid the use of common words in the manuscript such as because, but. Use some scientific words. Language revision is recommended throughout the manuscript.
