Title: Looks very flat, the geographical location (country or state) of the study needs to be mentioned

Abstract: Should be structured

Key word: No key words available

Introduction: Should end with clear objectives and justification of the study

Materials and methods:

- Inclusion criteria-Whether there were any inclusion and exclusion criteria apart from being a Greek?
- Study tool-Was there any interview guideline framed?
- Ethical approvals-Whether any ethical approval shouted?
- Statistical analysis-Needs to be mentioned in methodology section

Result: Development of sociogram will help for a better understanding

Conclusion and recommendation: Need to write a recommendation
