Thank you for the opportunity to review the manuscript Prevalence of Common Mental Illness and Its Associated Factors among Hawassa City High School Students in Hawassa, Sidama Region, Ethiopia is written interestingly. Your selection of the title and attention about the causes is much appreciated.

I forward some comments that may contribute to the quality of the paper before considering the paper for potential publication in the journal.

This prepare has somewhat technically sound, but it needs some improvements.

- Please use the updated reference, you include the late reference e.g., 1990,1994 etc...
- This paper has some many grammars error, so write it again.
- What keywords did you use to search for studies?
- By what criteria you select your variables?
- Is there any year coverage/interval for publications in your search?
- Discussion of this manuscript is not satisfactory.
- Please include everything explicitly and clearly to make your review clearer for the reader. Over, it very well-written sort of review.
