**Potential competing interests:** No potential competing interests to declare.

This paper is very interested but it need minor revision. This academic article seems general and lacks of a theoretical framework, argument, objectives, which more works need to be done to make this research more significant.

→ Please review the spellings of the words, such as *lasim*, *oease*, and *adat* (Is this an Indonesian word?) Perhaps a glossary would be beneficial for the readers to follow the contents better.
