The paper looks good, however before accepting the article I have few queries to be addressed by the authors,

1. Cite the paper Nilima, Nilima, et al. "Psycho-social factors associated with the nationwide lockdown in India during COVID-19 pandemic." *Clinical Epidemiology and Global Health* 9 (2021): 47-52. from India in the introductio section.
2. Provide a flow chart of the methodology process.
