

# Review of: "Examining the Comparative Effect of the Built Environment on Crime Prevention in Plotted Development, Especially for Women's Safety at Both Hot and Cold Spots"

Hung-Wen Chang

Potential competing interests: No potential competing interests to declare.

1 To add some description or analysis of different areas of AREA-1, -2 and -3 is be suggested.

2 In the perception survey section, the survey questionnaire data is not presented. It is recommended to summarize the preliminary results of the survey data.

3 There are obvious location differences between cold spots and hot spots in this city. Is the reason related to the urban using plans or land zoning? Does it have any influence?It is recommended to explain the impact of urban physical spatial environment.
