Mosteller Body Surface Area Formula

National Cancer Institute

Source

National Cancer Institute. *Mosteller Body Surface Area Formula*. NCI Thesaurus. Code C68646.

The formula to calculate body surface area as described by RD Mosteller. It is mathematically defined as: $BSA (m^2) = ([Height(cm) \times Weight(kg)]/3600)^{0.5}$; e.g. $BSA = \sqrt{(cm \times kg)/3600}$
