Review of: "Information Technology for Detecting Fakes and Propaganda Based on Machine Learning and Sentiment Analysis"

Soumya K[1]

1 Vignana Bharathi Institute of Technology

Potential competing interests: Assistant Professor, VBIT

Can be improvised in the following points:

1. Include more citations in the article
2. Very basic discussion and elaboration of models is done
3. Analysis of latest research can be explained in a better way with tabular form
4. Add more latest references
