**Potential competing interests:** No potential competing interests to declare.

1. If possible, try to comment on rumor, fake news, and disinformation in the introduction, or brief on it—they have the same meaning.
2. Please mention the outline of the paper or your contribution as the last paragraph of the Introduction section.
3. Add a table or summary of the literature review at the end of the related work to highlight the research gaps in the existing work.
4. The methodology should be explained in architectural form or as a flow diagram.
5. Give proper headings and subheadings to improve the flow of your work.
6. Results should be compared with existing work.
7. Please mention clearly the steps of data collection, data preprocessing, and statistics of the dataset.
