

# Review of: "Medical students' disease status of COVID-19: A multicenter study"

Lorna Stemberger<sup>1</sup>

<sup>1</sup> University Hospital for Infectious Diseases "Dr Fran Mihaljevic"

**Potential competing interests:** No potential competing interests to declare.

Due to not-novelty of topic, I recommend to rewrite article as brief report and to highlight most important findings. Please check English and rewrite abstract because it is not comprehensible enough and discussion part highlighting main results of your study.
