Review of: "NER Sequence Embedding of Unified Medical Corpora to Incorporate Semantic Intelligence in Big Data Healthcare Diagnostics"

Ramalakshmi Krishnasamy Ramalakshmi

Its Good work and try to present the pictures more clearly. Images resolution should improve to evaluate this work.

Grammatical errors needs to be avoided.

Reference should be latest in 2 years.

Novelty of the work should discuss more.

Structure of paper is well - organised.

The methodology you have taken is interesting.
