

Review of: "[Review] Redefining the Concept of e-Government Program. A Review of the Literature"

Hayder Hashim

Potential competing interests: No potential competing interests to declare.

Accepted

The authors draw on extensive empirical evidence. I believe that they can put forward their arguments much more confidently

This is a well-written manuscript that only needs to undergo a few minor changes.

- Need to add more , clear information about the model, in addition should be more details.
- Need to add clear analysis
- Add new and more references inside all the paragraphs.
