

Review of: "Relationship between In Vitro Physical Properties and In Situ Biofilm Formation of Fissure Sealants"

Dr.M.Saravanan Ph.D¹

¹ SRM Institute of Science and Technology

Potential competing interests: No potential competing interests to declare.

1. Manuscripts should be cited with recent publications (2020-2024).
2. The conclusion must be more detailed in the light of applications.
3. English grammar corrections are suggested.
4. The introduction should be revised with previous contributions in the literature.
5. Figure captions should be modified.

This manuscript may be accepted after revision.
