

Review of: "Natural Surveillance and Natural Access Control: Implementation strategies for enhancing Safety in Indian Neighborhoods"

Mark Del Aguila

Potential competing interests: No potential competing interests to declare.

The intent of the authors in highlighting the importance of Natural Surveillance and Natural Access Control for Indian Neighborhoods is appreciated, and a good starting point for a more detailed review. Relevant literature can be sourced through Science Direct:

<https://www.sciencedirect.com/topics/computer-science/natural-access-control>

The principles and strategies could be summarized more clearly in a set of scenarios. Descriptions which could receive a preliminary validation through some fieldwork.

With each strategy exemplified with an actual example, this paper would make a valuable contribution.

The work has only just begun.
