## Review on “Coconut flower - market potential and future forecast in the Coconut Land (Bến Tre), Vietnam”

This article is informative for coconut industry. It is well written and should be accepted for publishing after minor revision.

My suggestions on revision include:

1. Improve the title as Coconut nectar or Nectar of coconut flowers-market potential....
2. Revise 12 flowers, each flower as 12 inflorescences, each inflorescence in abstract?
3. All figures are not cited in the text.
4. The full name of FAO should be showed after or before FAO when it occur for the first time.
5. Right use of range value sign.
6. Add Doi: for doi link address.
7. other revision suggestions are seen in the revised MS.
