Thank you for this opportunity

Abstract

1. it needs to have background to convey the message about the study
2. it should describe purpose
3. Results need revision

Introduction

More discussion about the research problem is needed

More citation to support the argument

Purpose of the study does not match the methodology

Methods

More support to the used method is needed

Justify the sampling

The use of instrument is not clear

Analysis needs more description, type I error

Results

Try to connect it based on research purpose

Discussion

It needs more compare and contrast with previous studies

It needs more compare and contrast with previous studies
