National Research Service Award for Senior Fellows

National Cancer Institute

Source

National Cancer Institute. *National Research Service Award for Senior Fellows*. NCI Thesaurus. Code C19497.

To provide senior fellowship support to established scientists who wish to make major changes in the direction of their research careers or who wish to broaden their scientific background by acquiring new research capabilities as independent research investigators in scientific health-related fields relevant to the missions of the NCI. This award is designed for sabbatical periods.
