GAIA Level 2 Neonatal Death in a Non-viable Live Birth

National Cancer Institute

Source

National Cancer Institute. *GAIA Level 2 Neonatal Death in a Non-viable Live Birth*. NCI Thesaurus. Code C127970.

GAIA Level 2 Neonatal Death in a Non-viable Live Birth is defined by three criteria: first, the infant must be live born; second, at least one of the following requirements must be met: a) Gestational age less than 22 weeks (where the GA level of certainty is either level one or level two) OR b) Birth weight less than 500g; third, the death of the infant within the first 28 days of life must be documented.
