The manuscript entitled Efficient Management of ICT Resources in an Organization

## Comments

1. Which organization is the focus of the study? Which needs modification.
2. Revision is required on abstract
3. The objectives, scope of the study, and research questions are required
4. This work is based on old evidences, as a scientific paper it should focus on recent empirical studies
5. The mythology part should indicate the research design which guided the study
6. I recommend the author to add theoretical ground for the study, since there are various theories for technology management in organization
