Paper may be accepted for publication after incorporating the suggested modifications.

Errors are highlighted in the paper and details are as details given below:

- Entire paper must be uniform in all respects to improve the readability like line spacing, font size, font type, justified, ...
- Paragraphs are left justified and must be justified to improve the readability.
- Acronyms like JSON, PaaS, API, SIMPANG, FE, BE, PKM RE, ... must be expanded when first time used as Platform as a Service (PaaS).
- Figure 1, Figure3, Table 1, Table2, Table 3 are given, but not cited in the paper.
- References are not in proper IEEE format
