# Modern Method of Education (MMOE)

Joshua Ferdinand<sup>1</sup>

<sup>1</sup> Anglia Ruskin University

**Potential competing interests:** No potential competing interests to declare.

A progressive educational framework conceptualised by Atomic Academia LTD, characterised by the integration of virtual reality (VR) and artificial intelligence (AI) technologies. This approach is designed to facilitate immersive and simulated learning environments, offering a high degree of personalisation tailored to individual learners' needs, preferences, and pace. By leveraging cutting-edge technology, MMOE aims to enhance engagement, comprehension, and retention, thereby redefining educational paradigms to prepare students more effectively for the demands of the contemporary world. As AI develops into AGI the potential possibilities for this are boundless.
