

Review of: "A Philosophical Analysis of Sartre's Critique of Freud's Depth-psychological Account of Self-Deception"

Cecilia Maria Esposito

Potential competing interests: The author(s) declared that no potential competing interests exist.

The article is interesting and analyzes the Freudian concept of self-deception and Sartre's critical elaboration. In my opinion, it is well written and complete in terms of content, with references to recent discoveries as well. The article is suitable for publication and does not require particular modifications.
