**Potential competing interests:** No potential competing interests to declare.

This is a important study since such pandemics can cause havoc in the world. Its title needs to be improved like " Online learning during pandemics: lessons learned during Covid-19"

Objective is quite vague and is needed to be clearly highlighted and significance/ importance of study is needed

Rationale of study needs strenthening

Study should give methodology of study including the databases, websites searched, keywords used and hence number and type of articles used
