

# Review of: "Who Belongs to the Middle Class? Identifying Them Using Monthly Family Income"

Ingka K. Pangaribuan

**Potential competing interests:** No potential competing interests to declare.

**Article:** Who Belongs to the Middle Class? Identifying them using Monthly Family Income is good. Social class reflects economic and social standing, which needs to be regularly reviewed based on changing income data to ensure accurate classifications due to changes in the CPI. In the introduction, it is necessary to add a classification of people's incomes in several countries and occupations so that suggestions for increasing income can possibly be given.
