

Review of: "The Metaverse in Tourism and the Airline Industry"

A.N. Menegaki

Potential competing interests: No potential competing interests to declare.

This short paper handles an interesting topic but it does not have a proper research base. There are no research questions and no methodology. If it is to be regarded as a review paper, I would suggest that it would provide some basis of replicability, rationalization of literature selection and case studies. As it is, it seems subjective and personal opinion on an interesting topic.
