**Potential competing interests:** No potential competing interests to declare.

Thank you very much for your interesting manuscript.

I hope my recommendations can help.

- 1-) If possible, you can mention other theories related to consciousness before 1988.
- 2-) You can relate the Psychoanalytic Theory of Personality section to consciousness. You can give specific examples based on the theory.
- 3-) You can also discuss biological theories related to consciousness. I think it can substantially improve the manuscript.
- 4-) You can relate the Coherence Theory of Attention to consciousness.
- 5-) I believe all parts of cognition are somehow related to consciousness.
- 6-) You can mention that your manuscript is a narrative review.
- 7-) If possible, you can also describe methods (such as the narrative review method).
