**Potential competing interests:** No potential competing interests to declare.

The article is quite relevant in the contemporary context.

Following improvements may be considered:

Abstract has the scope of shortening a bit. At the beginning, INSTC full form needs to be mentioned.

Essential citations are missing. For example, citation is required for statements like ' In 2014, BRI has been promoted by China.....'

There is no literature review to identify research gap. No specific research question is answered in this review article. A section can be constructed with relevant literature, showing the gap in research that is addressed in this article.
