**Recommendation:** Minor revision<sup>1</sup>.

In terms of contributions, the paper was presented in a limited manner. The paper could not clearly establish that there is new knowledge from the study, as the theoretical contributions resemble your research objectives in your introduction section.

2. More justification is needed in the introduction part based on recent references.
3. A comparison between the results of the study and previous studies should be explained in the discussion section. The contribution of the paper should also be highlighted.
4. References in the literature review section are not recent.
5. Add a discussion section before the conclusion.6. The conclusion needs improvement.
