Potential competing interests: No potential competing interests to declare.

Thank you for your efforts for the manuscript.

As it is a research paper, there are case studies in that need to be used as a reference together with your discussion.

Introduction can be combined with main e-learning issues and e-learning in china so that it will be convinient for a research paper introduction. sadded aims and hypothesis will be fine.

Method section have to be written in detail as suitable for research paper. So that target participants, sample size for this study, how the data was the collected and being analyzed will be understood clearly.

Results need to be restructured.

Refrences ned to be mentioned after their section in the main manuscript.
