# GAIA Level 1 Maternal Immunization

National Cancer Institute

## Source

National Cancer Institute. *GAIA Level 1 Maternal Immunization*. NCI Thesaurus. Code C127981.

GAIA Level 1 Maternal immunization is defined by three criteria: first, the pregnancy must be confirmed by either a positive pregnancy test or by ultrasound confirmation; second, the date/time of the immunization of the pregnant woman must be recorded in the medical records by the health care worker who administered/witnessed administration of vaccine; third, the details of vaccine must include the lot number and the date of immunization.
