Potential competing interests: No potential competing interests to declare.

This article provides a comprehensive view of revitalizing public administration and offers various transformative solutions to address the governance challenges faced by mankind. Some recommendations that can be made are as follows:

In the introduction, it is crucial to include concrete examples or statistics that illustrate the direct impact of the issues being discussed. This will strengthen the urgency and relevance of the article to the readers. Then, in the research methodology section, there is a need to provide further details about the process of interviewing experts and the criteria for selecting them. Lastly, in the recommendations section, add additional recommendations that are specific and practical, outlining the steps that can be taken in implementing each proposed solution. This will provide a more comprehensive guide for the readers.
