

Review of: "The Efficacy of Copper Nanoparticles in Treating Viral Skin Infections: A Systematic Review and Meta-Analysis"

Nashwah G.M. Attallah

Potential competing interests: No potential competing interests to declare.

references stated are irrelevant for example:

reference 5 is talking about silver nanoparticles against specific bacterial strains not related to neither copper nanoparticles nor antiviral and the same comment for references 7,8, and 10

reference 9 is about antibacterial not antiviral effect

references 11 and 12 are totally irrelevant (about UTI infection)

the list goes on references are irrelevant to the subject and the mentioned statements in the paper are not in these references

there are no mentioning for results or statistical data that support the mentioned findings or conclusion
